Mombasa, Kenya

EXPERIENCE

ICT Infrastructure and Network Support Professional Bulkstream Limited

- 04/2026 - Present Mombasa, Kenya
- Administering Windows and Linux systems, terminal automation components, and core network infrastructure while enforcing directory service access controls.
 - Resolving complex help desk incidents through ITIL-aligned service workflows, cutting request fulfillment loops by 50%.
 - Sustaining 99.9% network and systems availability through quarterly preventive maintenance and daily backup audits.

ICT Support Professional Bulkstream Logistics Limited

- 09/2025 - 03/2026 Mombasa, Kenya
- Provided comprehensive technical support to 50+ end-users, resolving complex system issues to maintain a high standard of operational efficiency
 - Managed and optimized ICT infrastructure for day to day operations, ensuring seamless network connectivity and hardware performance
 - Executed ITIL-based service management processes to streamline infrastructure optimization while reducing incident response time by 30%

Full Stack Engineer & Project Manager Machakos University

- 10/2024 - 04/2025 Machakos, Kenya
- Led the end-to-end development of a multi-vendor e-commerce platform using React, Next.js Router, and PostgreSQL, managing the project from concept to deployment
 - Engineered responsive front-end interfaces and robust backend APIs with secure JWT authentication and database connectivity
 - Coordinated with stakeholders to gather requirements and ensure technical solutions aligned with business objectives

ICT and Network Support Intern Bulkstream Limited

- 05/2024 - 09/2024 Mombasa, Kenya
- Supported 100+ end-users, achieving a 99% system uptime through proactive hardware/software troubleshooting and maintenance
 - Managed user accounts and implemented critical backup and recovery procedures to ensure data integrity
 - Authored detailed technical documentation for support activities and system improvements

EDUCATION

Bachelor of Science in Computer Science Machakos University

09/2021 - 11/2025 Machakos, Kenya

GPA

3.5 / 4.0

SUMMARY

ICT Infrastructure and Network Support Professional with hands-on experience in enterprise system administration, network monitoring, and full-stack development. Proven track record of maintaining 99.9% system uptime while supporting 150+ end-users across Windows and Linux environments. Skilled in troubleshooting, ITIL-aligned service management, and core network infrastructure. Building towards infrastructure and cloud engineering - systems administration, network engineering, and cloud platforms.

SKILLS

Windows/Linux Administration, System Diagnostics, Hardware Troubleshooting, Backup & Recovery, ITIL Service Management, Active Directory, Microsoft Azure, TCP/IP, DNS, DHCP, VLAN, Network Troubleshooting, Basic Routing & Switching, JavaScript, TypeScript, Python, HTML5, CSS3, React.js, Next.js, Node.js, Git, RESTful APIs, MySQL, PostgreSQL, MS Office Suite, Metasploit, Nmap, Advanced Excel

PROJECTS

Shop Next Door- Local Vendor Marketplace

- <https://mtshopnextdoor.netlify.app/>
- Built full-stack multi-vendor e-commerce platform connecting local businesses with customers using React and Next.js
 - Developed PostgreSQL database schema with normalized tables for products, orders, vendors, and transactions
 - Implemented secure payment gateway integration, JWT authentication, user authorization, and session management

Vehicle Tracking System

- <https://vehicle-tracker-tau.vercel.app/>
- Developed comprehensive vehicle tracking solution using license plate detection technology and OCR algorithms
 - Built React.js frontend with advanced search functionality, filtering capabilities, and real-time analytics dashboards
 - Implemented Node.js backend with RESTful APIs for vehicle data management, image processing, and query optimization
